Filed 09/22/2003

Art Group 3634

Attorney Docket 0244E

To the Commissioner for Patents

Sir:

I have received an office action in the above identified application dated 01/13/2011.

The inventor Herbert Jaffe is deceased for several years. At the time of his death his widow advised me that she did not wish to carry on any further patent work of her husband. She wished to simply abandon all applications including the present application. Accordingly, please identify the present application as abandoned,

Respectfully,

Kevin Redmond
